Harbour Views is situated in Gibraltar's reclamation area on the western side of the Rock, offering stunning sea views across the Straits. Developed as part of a 10-year government initiative to support Gibraltar residents in becoming homeowners, the estate consists of 778 apartments and was completed in 1993.

As the second phase of residential development in the Montagu Basin area, the Harbour Views scheme provided an opportunity for locals to step onto the property ladder. Today, it remains one of the largest privately owned estates in Gibraltar.
